APPROVED PRODUCTS and VENDORS

Fairwood Market Night supports a vibrant and sustainable marketplace for farmers and growers and the community at large. All vendors must qualify in one of the following eight categories:

- **FARMERS**

- A Farmer raises produce, plants or botanicals, or animals on land they own, lease or rent, in the State of Washington or border counties. This also includes someone who processes produce, fruit, berries, botanicals, meats, honey, etc., which is grown, raised, or harvested on their own, leased or rented property, in the State of Washington or border counties, and then turned into value added product(s) such as jams, cider, salsa, vinegars, alcoholic beverages, essential oils or any other botanical use. For seafood, the vendor must own, lease, or operate the fishing vessel or own, lease, or rent the parcel of land where the seafood is caught or harvested for sale, and be a legal resident of the State of Washington.

- **FOOD PROCESSOR**

- A Food Processor sells foods that they have personally prepared or processed on property that they own, lease, or rent in the State of Washington. Processors are persons offering fresh food products (such as meats, seafood, ciders, wines, baked goods, jams, nuts, etc.) that have added value to their product through some sort of 'hands-on' processing (e.g., hand-filleted fish, smoked or butchered meats, handmade candies/nuts, etc.), but have not raised the ingredients themselves. Processed food producers should use ingredients from Washington State farms or waters as much as possible. For seafood, the product must originate from the greater Pacific Northwest, which includes Washington, Oregon, Alaska and British Columbia.

- **PREPARED FOOD VENDORS**

- Prepared Food Vendors (including food trucks) offer freshly made foods, available for sale and immediate consumption on-site at the Market. Prepared Food Vendors shall submit and also possess and maintain all required State, County, and local Health Department permits, and all appropriate permits and licenses shall be filed with the management of the Market. Prepared Food Vendors should use ingredients produced in Washington State as much as possible.

- **ARTISANS and CRAFTSPEOPLE**

- For the purposes of the Fairwood Market Night, an artisan or craftsperson is defined as:
 - Someone who creates with their own hands the products they offer for sale; or
 - A provider of skilled craft services at the Market, such as on-site knife sharpening or tool refurbishment
- To qualify as an Artisan or Craftsperson, a majority of the tools and equipment used to produce their products must require skill, personal handling and/or manipulation, including second-hand items that are recycled, re-purposed and/or skillfully and creatively refurbished for new or improved use. Artisans and Craftspeople should incorporate materials grown or produced in Washington State as much as possible and create their products in Washington State only.

- **VINTAGE and RESALE and IMPORTS**

- We're open to world imports, artwork, vintage, antiques, clothing, fashion, accessories, furnishings, books, tools, and toys.

Please note that certain categories of products are prohibited:

- No drugs, including cannabis products
- Weapons
- Pornography
- No sales of live animals
- Stolen / illegal merchandise
- Multi-level enterprises
- No legal services
- Franchise operations
- Religious and political soliciting

Fairwood Market Night defines these additional vendor types for participation in our Market:

- **YOUNG ENTREPRENEURS**

- **NON-PROFIT ORGANIZATIONS/COMMUNITY GROUPS AND SCHOOL GROUPS**

- To promote community, Fairwood Market Night waives application and booth fees for qualifying, community-oriented non-profit organizations and school groups to exhibit up to three times per Market season. Qualifying organizations must hold recognized charitable legal status, operate on a non-profit basis, and – at the Market’s discretion – have a mission that benefits the broader community.
 - Community non-profit organizations are free to solicit donations.
 - Community non-profit organizations MAY at the discretion of Market management sell promotional and other products to raise money for their organization. All products for sale must be approved by Market management at least two weeks prior to the organization’s scheduled Market date. Products must not compete with the Market’s farmers, processors, prepared food vendors, artisans and craftspeople, or vintage and resale and imports.

- **LOCAL BUSINESSES**

- The Market allows a limited number of local, for-profit businesses to promote awareness of their business or service to the Market community, up to two times per Market season:
 - The products or services promoted must not compete with the Market’s farmers, processors, prepared food vendors, or artisans and craftspeople.
 - NO SALES. Exchange of products or services for money or financial consideration is prohibited.

 - For Prepared Food Vendors and Food Trucks: freshly made food products available for sale and immediate consumption on-site at the Market, incorporating ingredients produced in Washington State as much as possible.
 - For Artisans and Craftspeople: products created in the State of Washington by the artist's or craftsperson's hand, using tools and equipment requiring skill, personal handling and/or manipulation. Artisans and Craftspeople should incorporate materials grown or produced in Washington State as much as possible.
